EDUCATION

University of Cincinnati, CECH   Cincinnati, Ohio
Bachelor of Science in Software Application Development   Expected Graduation: May 2026
- GPA: 3.365

Kent State University   Kent, Ohio
College Credit Plus Program   August 2020 – May 2021
- *Earned college credit while enrolled in high school*

PROJECTS

SubletUC – Student Housing Web Application   August 2025 – May 2026

- Designed intuitive UI using Figma for SubletUC, a Razor/Blazor/.NET C# web application for students
- Collaborated with the team to develop and refine features, improving usability through UX design principles

PlanIt – Event Management Web Application   January 2025 – May 2025

- Implemented backend architecture and business logic to manage users and events using Java and Spring Boot
- Built RESTful services that interact with database via Spring Data JPA, while following test-driven development

WORK EXPERIENCE

Automation Engineer Intern   July 2025 – May 2026
Western and Southern Financial Group   Cincinnati, Ohio

- Created automated UI tests for the customer portal using Katalon (Selenium), translating existing qTest manual test steps into reusable automated scripts
- Tested APIs and web services using ReadyAPI, including configuring environments and validating endpoints for API gateways
- Supported SQA task and defect workflows using Jira and Azure DevOps

Software Development Intern   May 2024 – August 2024
Virtual Internships – 247ERICPOINTCOM   Cincinnati, Ohio

- Enhanced UX for a storefront web application by updating frontend components using HTML, CSS, and JavaScript
- Collaborated with an all-remote team via Trello, Slack, and Gather to ensure timely project completion
- Created Figma wireframes and prototypes for a mobile banking application

Quality Assurance Inspector   May 2022 – August 2022
Piping Rock   Aurora, Ohio

- Collaborated with production, maintenance, and IT staff to support daily manufacturing operations
- Reviewed and approved high volumes of products for processing in compliance with GMP standards
